

## **Grant History Score – Local Governments Not Eligible for Points**

**The following local governments currently have or have had an open grant at some point during the past five (5) years (August 15, 2003 – August 15, 2008).** These local governments are not eligible for grant history points on the Florida Small Cities CDBG 2008 Application. Please note that technical assistance grants and disaster recovery grants (from a HUD disaster allocation) are not considered. A local government may receive a technical assistance grant or a disaster recovery grant and still be able to claim grant history points. If it is determined that a local government on the list did not have an open grant during the five years prior to the opening date of the 2008 application cycle (August 15, 2008), the local government will be removed from the list and will be added to the list of communities eligible for the grant history points for the 2008 cycle.
